## DAVIS TRENDSTYLE SPECIAL EDITION

- » 140 HP FIAT motor
- » 35 L chassis
- » 16" black aluminium rims
- » Isofix (excluding 540)
- » D4 heating
- » 90 litre fuel tank
- » Lanzarote Grey paintwork
- » Driver cab seats with armrests
- » Dimming system
- » Awning
- » Midi-Heki
- » Multimedia preparation incl. rear-view camera
- » DAB antenna
- » Table extension
- » Seat covers for DC seats
- » Mesh door screen
- » Electr. exterior mirrors
- » Electr. step
- » External lighting
- » Winter package (insulated + heated waste water tank, insulated water pipes in the exterior)
- » steering wheel and gearshift knob in leather finish

## DAVIS LIFESTYLE FEATURES

### INTERIOR LIFESTYLE WITH:

- » 120 HP motor
- » 35 L chassis
- » Isofix (excluding 540)
- » Combi D4 heating
- » elegant, bright interior features with textile appliqués
- » LED ambient lighting
- » mineral kitchen worktop
- » additional wall unit above the rear doors (for DA 590/620)
- » folding table top
- » metallic look logo trim in the kitchen unit
- » side storage compartment in the kitchen unit (for DA 590/591/620/630)
- » window on left side in the rear (for DA 590/620/630)
- » body-flush frame windows

## ALL-INCLUSIVE "CONCEPT"\* FEATURES

### PACKAGE FEATURES:

- » 140 HP FIAT motor
- » Traction + hill descent control
- » Electric step
- » FIAT rear-view camera
- » Steering wheel controls
- » Connect Radio with 7" touchscreen
- » 90 litre fuel tank
- » Electric external mirrors
- » External lighting
- » Painted front bumper
- » Black radiator grille
- » Dimming system for the driver's cab
- » Awning
- » Mesh door screen
- » Leather steering wheel and gearshift knob
- » Winter package (insulated + heated waste water tank, insulated water pipes in the exterior)

Sum of the individual components

**Package price  
DISCOUNT**

## "NO LIMITS"\*\* ALL-ROUND PACKAGE

- » FORD VISION + package with:
  - Electrically adjustable folding external mirrors
  - Automatic dimming
  - Rain sensor in the front
  - Windscreen can be heated
  - Fill level display for the windscreen wiper system
- » 130 HP motor
- » 16" aluminium rims
- » Parking assistance/reversing sensor
- » Fog lights
- » Seat heating for driver and passenger seat
- » Sliding 3-seater rear bench, can be converted into a bed
- » Painted front bumper
- » Ford Custom multimedia package Ford incl. DAB
- » External shower

Sum of the individual components

**Package price  
DISCOUNT**

## EASY ASSIST PACKAGE

### PACKAGE FEATURES:

- » Automatic air conditioning
- » Emergency braking assistant
- » Lane departure assistant
- » Rain and light sensor
- » High beam assistant (automatic beam dipping)
- » Traffic sign recognition
- » Electric parking brake
- » Keyless Entry & Go

## FORD MEDIA PACKAGE\*\*\*

### PACKAGE FEATURES:

- » Premium audio system
- » Touchscreen navigation
- » 4 loudspeakers
- » Navigation in Europe
- » 6" colour touchscreen
- » SYNC 3 voice-activated connection + call system
- » On-board computer
- » Front and rear parking assistant
- » Rear-view camera

\*\*The terms and conditions of CG Car-Garantie Versicherungs-AG (CG Car-Garantie Versicherungs-Aktiengesellschaft, Gründlinger Strasse 12, 79111 Freiburg in Breisgau, Germany) apply to the conclusion of a 1, 2 or 3 year follow-on guarantee.

## GENERAL INFORMATION REGARDING THE WEIGHT SITUATION IN MOTOR HOMES

- Special features (additional features) increase the weight in the vehicle's ready-to-drive state and reduce the cargo capacity. The weight of the additional equipment is detailed in our brochure information or your dealer / seller can tell you.
- The maximum number of persons permitted depends on the weight and axle load. It can be reduced if special features (= special equipment / additional equipment) and accessories are installed, so in the interests of cargo loading capacity certain seats cannot be used. If all seats are to be used, some cargo capacity may need to be foregone. The technically permissible overall weight and axle loads must not be exceeded.
- The cargo loading capacity is reduced if special features (= special equipment / additional equipment) and accessories are installed. The cargo loading capacity is also not only dependent on the weight in the vehicle's ready-to-drive state, the actual vehicle weight, the weight of the accessories and the technical permissible overall weight, but also on the respective axle loads. In order to use the maximum possible cargo capacity based on the vehicle's technology, suitable, axle load-dependent weight distribution is required.

Installing additional parts, such as roof boxes, motorcycle racks, air conditioning equipment, awnings, bicycle racks, in the vehicle equipped with a living area may change the vehicle's dimensions and properties. The vehicle's unladen weight will

also increase after special features have been installed. Please also note the permitted axle loads and storage capacity for cargo. When combining several accessory components on the vehicle roof, the total load capacity and the available space must be taken into account.

Eura Mobil GmbH accepts no liability for any negative effects that may occur as a result of installing such additional equipment in the vehicle, unless they are ORIGINAL KARMANN-MOBIL PARTS and are installed or attached in accordance with the KARMANN-MOBIL GUIDELINES.

All of the information in this brochure relates to the products listed herein and does not apply to any other products of Eura Mobil GmbH. The models illustrated in this brochure show the features available in Germany. They may also contain special features and accessories that are not included with the standard scope of delivery. All weights quoted are values with a fluctuation limit of +/- 5 per cent. Due to legal regulations, differences from the model variations described here and equipment featured may be necessary in certain countries. Please ask your Karmann Mobil dealer about the exact scope and range available of model-specific and model-neutral features. Subject to errors and changes in design, equipment and special features. The publication of this brochure renders all previous catalogues invalid.

Unless otherwise regulated, weight in ready-to-drive state as per Article 2 (4a) Regulation (EU) 1230/2012 is defined as:

- Vehicle's dimension with standard equipment according to manufacturer specifications (incl. vehicle tool kit)
- + fuel tank filled to 90%
  - + 75 kg (weight of the driver)
  - + fluid gas bottle (filling capacity of 5 kg) made of aluminium filled to 100%
  - + fresh water tank filled to 100%
  - + 230 V charging cable for superstructure battery
- = weight in ready-to-drive state

The technically permissible overall weight according to Article 2 (7) Regulation (EU) 1230/2012 is defined as: The vehicle's maximum weight when loaded as provided by the manufacturer.

Pursuant to the information provided in the catalogue, the maximum cargo loading capacity is defined as: Technically permissible overall weight - weight in ready-to-drive state = maximum cargo loading capacity
